Record Your Favorite TV Shows and Movies
and Burn them to DVD!

Pinnacle Bungee DVD combines digital video and television like never before. With Pinnacle Bungee DVD, you are able to record all of your favorite TV shows, sporting events or home movies and burn them to CDs or DVDs. Imagine a full season of classic episodes saved to just a few discs, ready to watch in your set top DVD player. Miss the big game? No problem. Simply record it directly to your PC's hard drive, and watch it whenever you like — even on your PC!

WATCH AND RECORD YOUR FAVORITE TV SHOWS

Pinnacle Bungee DVD is cable ready, right out of the box, and allows you to quickly and easily watch TV on your PC screen. With Pinnacle Bungee DVD, you can even pause live TV if you need to answer the phone or grab a snack — without missing any of the action! What could be more convenient? Pinnacle Bungee DVD also allows you to record TV shows or movies on your PC's hard drive so you can watch them later.

ARCHIVE YOUR TREASURED MEMORIES

Do you have boxes of old analog tapes wasting away in the attic? With its auxiliary video and audio inputs, Pinnacle Bungee is the perfect solution for capturing all of your home movies digitally. Simply hook up your VCR, Camcorder or any video source with an analog output, and you're ready to go!

BURN TO DVD

Pinnacle Bungee DVD also supports one button DVD burning so you can use your CD or DVD recorder to burn discs to play in your set top DVD player. Simply select the clips you'd like to save to disc and go! Now your memories are safe forever.
